

## TAX RATE COULD BE \$35.00

Wilmington will probably have a \$6 tax rate in 1968, as a result of the Town Meeting, but it could be less, perhaps \$35.

The actual amount depends, at this time, on personal guesses.

The Town Meeting of last Saturday spent just about the sum of money that the Finance Committee had projected, although in a different manner. That committee, guessing on the amount of Statutory Charges to be assessed by the Commonwealth, and guessing at the Assessed Valuation of Wilmington in 1968, projected the 1968 tax rate to be \$36.00, or to round it off, \$36.

The Statutory Charges will not be really known until the Commonwealth has advised the various municipalities, through the so-called 'Pink Sheet', which lists all the charges, and all the credits.

The Charges could be more, or they could be less, but the Finance Committee is probably quite close.

On the other hand that committee can probably be accused of being a little 'conservative' in their esti-

mate of the 1968 Assessed Valuation in Wilmington. Their figure is \$100,000,000, by which they arrive at their \$36 estimate.

The chances are that the figure will be about \$100,000 more, but no one can be certain until the Principal Assessor makes his figures known.

A \$100,000 increase over the Finance Committee figures will mean a \$35 tax rate.

Even then there is another problem, that of the Change in Welfare Accounts. The state is taking over all the Welfare operations on July first, and no one at this time can really tell what the score is. The Finance Committee warned that this could be a difficult problem. Welfare cost estimates jumped \$100,000 during February. An additional Town Meeting, before the Tax Rate is set, is not beyond the realm of possibility. This would probably mean increased taxes.

The annual Town Meeting appropriated \$6,951,138.53, of which

PAGE FIVE

**GEORGE BOYLEN OFFICIATES:** The first unofficial duty of newly elected Chairman of the Board of Selectmen George Boylen, Monday night, was to cut a ribbon at the new Route 129 Restaurant, in the Lucci Block on Lowell Street.

George is holding the scissors while beside him stands Mrs Wavle Drew, also of the Board of Selectmen, and nearby Selectmen Jim Micelli L to R: Mrs Angela Tsuses, and her mother Mrs Rena Sgouras, Selectman Boylen, owner Jim Tsuses, TM Morris and Wavle Drew, the Rev. Arthur Kontinos and Mrs Kontinos, of the Greek Orthodox Church of Arlington, and Selectman Micelli.

## Two More Burglaries

Wilmington, much burglarized in recent days, can add two more to the score.

The worst was in the office of the Valley News Company, in No. Wilmington, where yeggs, during Sunday night, forced open the office safe and took a sum of money believed to be between \$16 and \$1700.

The money was left in the safe over the weekend by an oversight, the first such occurrence in over

two years, and the thieves seemingly learned about it. Entry into the building was gained by forcing off a back window.

The Wilmington Builders Supply Company, scene of a safe cracking job a week ago, had its second burglary in a week on Monday night, when thieves forced their way through a cellar window and stole electrically powered tools valued at over \$400.

## Chamber of Commerce Membership Open to Citizens

The Board of Directors of the Wilmington Chamber of Commerce voted Tuesday to open the membership rolls to interested residents of Wilmington.

Previously the membership had been restricted to business firms in Wilmington, but interest on the part of some private individuals had been expressed to individual Board of Director members.

The membership fee for indi-

viduals was set at \$10 a year.

Stanley Webber was re-elected the Executive Secretary of the Chamber of Commerce, and was commended for the work he had done in the past year in the interest of the Town of Wilmington.

President Joseph Maffeo (Middlesex County National Bank) told the directors that the annual dinner had been the best ever, in the history of the Chamber.

## Mulvey Boy Still Unconscious

10 year old William Mulvey of 6 Sewall Road has yet to recover consciousness, in the Winchester Hospital, as of a late hour yesterday, after an accident in front of 110 Woburn Street at 6:53 am Tuesday morning.

The boy was acting as a substi-

tute for his brother, on a paper route, and had just come down from Hawthorn Road when he was struck by a Volkswagen. He was thrown through the air for a distance of 25 feet by the impact of the auto.

Young Mulvey was taken to the Winchester Hospital by the Town Ambulance, driven by Firemen George Kryzinski and Keith Marshall.

He is reported to have both a fractured skull and a broken leg.

## JERRY ROONEY TO HAVE PROGRAM FOR PUBLIC

Gerald Rooney, World Traveler and Teacher, and former correspondent for the Town Crier is to conduct two illustrated lectures, in Wilmington High School, for the public. The lectures are being sponsored by the Wilmington Rotary Club.

He will speak, and show slides of his travels in 31 countries on two successive Sunday evenings, in the Herbert C Barrows Auditorium, on March 31 and April 7. The programs will begin at 8 pm. Admission will be free.

## A YEAR OF PEACE AND QUIET?

The new chairman of the Board of Selectmen, George Boylen Jr., is the kind of individual who seeks to be non-controversial. His is the kind of soul that seeks peace, and perhaps solitude.

Town Manager Sterling Morris is the kind of man who will turn aside, often, rather than indulge in an argument, even if he believes strongly in a point. Could it be that this will be a Year of Peace and Quiet, in Wilmington Town Hall?

## THE DEBACLE

There is only one way to describe certain aspects of the annual Town Meeting, just past. It was a debacle.

The Finance Committee had studied the budget prepared by the Town Manager. It had approved that budget, in large parts.

The Board of Selectmen had been working with the Town Manager in preparation of that budget. Presumably the individual members knew the reasons for the various actions proposed.

Yet in the Town Meeting there was often conspicuous disagreement, with one Selectmen often 'voting with the town' and against the Town Manager and his fellow selectmen, and the Finance Committee sometimes failing to offer adequate explanations of their positions.

## HOW?

The decisive factor of the Town Meeting was that certain factions were present to defend their positions, while John Q Average Citizen was not.

Town Employees were present. They controlled large portions of the discussion.

Sports minded citizens, interested in lights for an athletic field, were present. They often misinterpreted other questions.

There were no controversies of the usual kind—schools, etc. The average uninvolved voter stayed away in large numbers.

And the question is: How does the average uninvolved voter become interested again, in just ordinary town affairs?

The answer is not to be found in Representative Town Government. In Wilmington this would mean that the town employees would be the Representatives.

The League of Women Voters has tried to interest the voters, but has been unsuccessful.

The Baldwin Club used to do a fair job in this direction, but it no longer exists, to all practical intents and purposes.

How does the town get the average uninvolved voter to take part in town business?

## WHAT TO DO ABOUT ERRORS?

One of the biggest errors in the Town Meeting was the cutting of funds, for the Town Engineer. The need was not for a cut, but for expansion.

One speaker, from the Board of Selectmen, told the voters of 'facts' as he knew them, from three abutting towns. Unfortunately he did not know the facts.

In those towns large sums of money for engineering purposes are to be found in the individual accounts of the various town departments. In Wilmington these funds are lumped together.

The resulting vote was an error, for which the Town will be paying dearly, in the year to come.

A second error was the cutting off of funds for traffic lights at the corner of Woburn and Lowell Streets.

The Town Crier was not in favor of new traffic lights, but instead said the thing to do was to put in a large traffic circle.

Instead the streets are being widened, and new traffic lights have thus become necessary. And the money for those traffic lights has now been refused.

Perhaps Wilmington's Selectmen had better have another examination of the question. Perhaps a traffic circle can fulfill the needs, now that traffic lights have been refused.

RAYMOND HUNT SERVES

served at Sewart AFB in Tennessee

## Wilmington assured a Representative

The redistricting of Middlesex County, for representation in the Great and General Court (Mass. Legislature) as field Tuesday afternoon by the Middlesex County Commissioners, would assure Wilmington of a representative in the Legislature.

Middlesex County is to gain three representatives, for a total of 58, in the proposed redistricting of Massachusetts.

County Commissioners Frederick J. Connors, John F Dever and John L Dineen have proposed that Wilmington and Ward 6 of Woburn (North Woburn) be known as District 25. The area at present has a population of 22,245, of which 6984 are shown to be in Ward 6 and 15,261 in Wilmington (1955 figures).

At the presenttime Wilmington is grouped with Burlington and Wards 6 and 7 of Woburn for one representative. Under the Commissioner's proposal Burlington would also be a separate district, and Ward 3 of Woburn would be grouped with Burlington. The rest of Woburn would have a representative.

Reading, North Reading, and Stoneham would be grouped together in the Commissioner's plan, and have a total of two representatives.

## THE DIET WORKSHOP

The Diet Workshop can help You appear in the Easter Parade looking 'slim and trim'. No starving—plenty to eat while becoming a size or two smaller. It is lots of fun with marvelous results.

Join the Wilmington Class at the High School small cafeteria any Thursday evening, 7 to 9 pm. Get started right away for the quickest results. Call 658-4464 for further information.

## CARD OF THANKS

To all of our friends and neighbors, to the Wilmington Fire Department, and Police Department, to Dr Fagan, and to others who assisted us in our hours of grief, our most heartfelt thanks.

## Nosey Nancy

Send your announcements to Nancy, Box 208, Wilmington, or call 657-7141, or after five, 658-4865. If I'm not there, I'll call you.

Hey, there, Folks. You're really doing it now. The yarn turn out is coming along, but still can use a lot more. Wrote to all the service organizations this week to see if they can help us out. So if any of you are members of them, ask about it, so they'll be sure that you know. Thanks, Barb, Mary and Nancy, for answering my plea. We certainly can use the help. Lots of the other gals are making a stab at it as they say, and I'm sure that they'll do well. Will ask Nellie if she'll put up the afghans for a display when she gets a few assorted. The Christmas Gremelin came thru with another one this week. She really can put them out, huh. But we need more yarn...The gals at one of the banks in Boston came through for one of the local gals that works in there evenings. I was ribbing her about hitting them up and Saturday, lo and behold, in she comes with the most beautiful bright colored yarn. Just what we all needed. Thanks for that one too, gals! Get with it now and see what you can do...the knitters are here and waiting...we have at least seven or eight who are working away, but we need ammunition.

Speaking of ammunition, that reminds me, before we get too involved in this small stuff...this will make you feel wonderful...and it was worth all the sweat blood and tears (and cussing in tying up the packages)...a letter from Tommy:

Thursday, Feb. 29, 1968, Anchored in DaNang Harbor, RVN Dear Nancy,

This letter is addressed to you and to the many citizens in Wilmington who donated toys, books, and games for the boys and children here aboard the US Naval Hospital Ship Sanctuary. Marc and I are deeply grateful for the gifts we received to distribute to the patients. The gratitude shown us varied. From the frightened and bashful Vietnamese children, we got a small smile and plenty of satisfaction as we watched them play with the toys. From the wounded Marines and Army men, we may have gotten a slight grunt or a "Thanks, Doc", but these guys have a different way in showing their gratitude. Just the satisfaction of seeing these articles being used was enough for us. These things keep the patients' minds busy, and they don't think of their own illnesses or wounds as much. This is a very important part of our therapy here aboard Sanctuary and in any hospital. The body will heal a great deal faster and easier if the mind is occupied. So, not only did you brighten up their hospital stay, but

you helped a great deal of patients on their way to convalescence. I only wish that it were permissible for me to photograph some of these patients while they are occupied with the articles donated by the Citizens of Wilmington.

Only then, would you be able to see, as we do, the gratitude in these peoples' eyes. It helps brighten up our lives as well as theirs.

'So again, I say thank you Citizens of Wilmington and Nosey Nancy for your time and kind consideration. Sincerely yours, T L Wahl, HM3 USNR.'

(Well, Tom and Marc, we are surely glad that we could help just a little bit and that goes for me and I'm sure the Citizens. They really are a great group and are so considerate that it's hard for me to tell them my heartfelt feelings and gratitude in the responses that they do make to my little projects. Keep up the good work there, fellas. There will be another box on the way shortly of things that have been left since! And to you all Citizens that forgot us before, will be shipping the next installment around the first of April, so can use toys for the kids or games for the fellas just in that bunch. Let's go!)

Ronnie Park in VietNam has been the first one to send us postcards from overseas. They are on the Bulletin Board at the Depot and lovely. Thanks a lot for remembering, Ronnie! What about you other guys, somebody must be near a place they can send something, if not postcards. Know you fellas are tired overthere, but let's hear from you guys. The people really enjoy your letters. So many stop me on the street or in the stores and tell me how much they enjoy hearing from you. So get with it and scribble me two lines at least, so I can keep them going here. They've really done a good job with their support and loyalty to you and I know you think -- huh, they ought to, but not all of them are -- so let us hear about you, so I can tell them, puhleeze!

Jimmy VanSteenburg's father called me this week, and said that Gerry was out of the service, but Jimmy had signed for another year. He wondered how we got such a long letter, when his is considerably shorter. However, I believe that Jimmy must be a real thinker, and had something to say and said it well. We loved hearing from him and I hope he realizes now that we are all behind them over there. There certainly is no question about that but lots of us still are not certain that America is right with her policies. However, the boys are there and we are with them all of the way!

Johnnie De Rose of Fairmeadow Road has gone to Atsugi, Japan and has his wife with him. Do

believe that Peter Medico is in that area, so have put the mothers in touch with each other. The really funny part of this whole thing is that the DeRose brother in high school and Charles Medico of Federal Street at WHS do travel around together, so the high school grapevine says..... My, my, Charles, don't you ever talk! Really got a kick out of that one. Still giggle when I think about it. Mrs DeRose said 'That name Medico sounds very familiar' when I spoke about Peter being in Japan. Now she knows why!

Jackie and Mike finally made it and after thirteen months of trying. Jackie Baldwin is a Corporal in the U S Marines and Mike Kasabuski is a Seaman in the U S Navy. They've been buddies for years. After they went in to the service, they tried and tried to arrange time together on leave. Well, every time Mike got home, Jack was either at boot camp or out in California. The few times that Jack got home, Mike was at sea. Once Jackie was flying back to California after a leave on the same day that Mike came from Norfolk. They missed each other only by hours.

This week, they made it. They're together again and are they happy! Monday night, Jackie flew in from California for twenty days leave before VietNam. Mike arrived on Tuesday morning for six days leave after wheeling and dealing as only Mike can do. He got a three day pass so that he could see Jack and then worked a deal for another three days for somebody to cover his duty for him by just paying for the guys meals! They are sure having a great time. They have so much to talk about! And Mike is helping Jackie to take snaps of home, after viewing all he had from California. He's been out there at various Navy and Marine Schools since last Spring. However, being a true son of New England, he gets homesick and hear that he went way out of his way to find a beach with just the right white waves and dark rocks, as only New England can provide, and took the pictures so that he could gaze and remind himself of home. (It might even cool you off in that VietNam weather, Jack! And anyway, what's with this-- haven't seen either you or Mike yet...and how am I going to give the townsfolk the dirt on the servicemen when you don't stop in to say Hi, plus I need some of those pictures for the Bulletin Board reserved for you guys at the DEPOT! Let's get with it you birds. Expect to see your shining countenances before this weekend!)

Edie Pololan of Washington Ave came in from the train this week and her feet were weary from the high heels, but she was radiant. She just returned from a trip to the Bob Kennedy Show and a buffet of Spaghetti and dandelion salad (That dandelion salad must have been just great at the hour of ten in the morning!) She had lots of fun and got to tour the studio while she was there!

Just had a call and a large black angora cat has escaped from Dr Skolnik's. He broke his cage and got out some way. He's very black, looks older than he is and answers to the name of

'Midnight'. If you see him between Main St, The Shopping Ctr and Silver Lake, please call Mary at 658-3784 or Silver Lake Pharmacy at 658-4617.

Cards to Rocco dePasquale who is in the Winchester Hospital... Chief Arthur Boudreau who is confined to the Choate Hospital and has been since January.... Henry Porter is grinning at the Choate Hospital for a checkup instead of the Post Office... (I always thought that Henry never got sick and found out this is the first time he's been in the hospital for twenty years!)

## Selectmen's Meeting

George Boylen of Ledgewood Road is the new Chairman of the Board of Selectmen. Boylen was elected unanimously, Monday night.

His first act was to receive a proclamation from the Wilmington Girl Scouts. Presented by Mrs. Barbara Dayton, there was also Mrs. Pat Lounsbury, Senior Scout Evelyn Lounsbury, Cadette Robin Land, Scout Gail Case and Brownie Phyllis Moore in the party.

The proclamation was accepted and signed by the board amidst personal compliments from Selectmen Boylen and Miceli, to the two Scout leaders, about their daughters being involved in Girl Scouting.

Town Manager Sterling Morris presented a plan for draining the parking lot, near the Silver Lake Beach. The drain would lead into Silver Lake, he said, and the cost would be \$1500. Miceli was of the opinion that the town had created the problem, and it was up to the town to clear it up. The vote to do so was unanimous.

There were two hearings for locations of telephone poles, with two couples, bewildered that they had received notices, present from Grove Avenue. Mr. Casey of the telephone company explained that the statutes require that all abutters be notified, in case they have something to say for their part, about the proposed locations. The two couples had nothing to say.

The second hearing was for pole near Gowing Road.

Bob McCabe of Woburn Street was present, with comments on some guy wires being all of a sudden in his front yard, and he didn't know why. Mr. Casey promised to investigate.

Olson Road, which is an accented

road for about 100 feet, between the Fire Station and the Post Office, was the next subject of discussion. The Town Engineer had a sketch proposing a road into the Middlesex Bank parking lot, and through to Middlesex Avenue. Part of the road, as he proposed it, would take land from Manuel Amaro, who owns the land behind Weinberg's store, where a house was burned down recently. The proposed road would be fifty feet wide.

Morris told the Selectmen that Joe Maffeo of the Middlesex County Bank had assured him the bank would give land, without charge.

On motion of Miceli, the TM was directed to go ahead with the project.

Atty. Simon Cutter appeared before the board, acting for Robert Coery of Lowell. Mr. Coery owns an old gravel pit, between Ainsworth Road and Route 125; and Cutter told the Selectmen that he wishes to buy nine acres of Town owned land, adjacent to the pit. The Principal Assessor, Cutter said, had appraised the land at \$4500. Black moved that the TM investigate the offer and report.

A report was made for the Voting Machine Committee by Bob Jennings of Moore Street.

He recommended that the term of the Study Committee be extended so that the IBM voting machine could be more thoroughly investigated. There were, in Wilmington, he said, two computers that could be used with such a voting machine.

The committee didn't think very highly of another machine, and said there was no room to store it.

John Morey and Eddie DeLoury, who have a proposal for a gravel removal operation on Andover St.

appeared for an expected decision. The Town Engineer had recommendations, made after viewing the property.

Mr. Harding told the Selectmen that if a waiver of recommendations were made, he would recommend an additional plan of a house layout, with plans for septic tanks, drains etc. to be submitted, and a bond to assure compliance. There would also have to be plans so as to not create a hazard on Andover Street.

Morey, in a rather confused voice, asked 'Now you want us to go for a building permit?'

Miceli said that there had been no mention of a waiver, and Mr. Morris pointed out that the Town Engineer had started his report with an 'If'.

Morris reported that a recommendation from the Town Counsel was that there be a Board of Appeals hearing for permission to excavate.

Chief of Police Paul Lynch reported to the Selectmen that he had had Patrolman Fred Ward, at the intersection of Woburn and Lowell Streets for a week, on traffic duty, as requested by the Selectmen.

He thought that the traffic problem was worse, with a blem was worse, with a policeman present.

### New Business

Newly selected Selectman James Banda asked for a review of the appointments made at about this time of the year, before any appointments were actually made by the Selectman. Mrs. Drew wanted to appoint the Town Counsel immediately, and Banda made a motion to continue the business until next week, which seemed to carry.

Selectman James Miceli had a complaint about a drainage problem on Bridge Lane. Water was said to be draining from the bridge and road onto the Lynch property, at the foot of the hill. The TM was instructed to investigate.

Banda discussed wages for Town employees, and observed that wages seemed to go up for the superior officers, and not for the other employees. He hoped that the TM would review the discrepancies between sergeants, policemen, and firemen.

Boylen affirmed Banda's ideas and hoped that the Town Manager could equalize wages.

Morris had been sitting aside, listening. The corners of his mouth drooped lower and lower. 'I hope I can,' he said, 'But I doubt it!'

Mrs. Drew spoke up to say that the Town Manager 'would be unable to spend money that wasn't there and had not been appropriated!' and Morris said 'The point is well taken!'

Mrs. Drew wanted to know when the Town would get a Dog Officer. Her phone, she said, was constantly ringing. Miceli reported that a youngster had lost his lunch at the Boutwell School, this week, to a dog.

Morris told the Selectmen that now that the Town Meeting had appropriated money he was in a position to take care of getting a dog officer.

Melvin B Kennison, 443 Salem Street, was drawn for Jury Duty at the Criminal Court in Cambridge, starting on April 8.

The meeting then adjourned for ribbon cutting and refreshments at the new Jims 129 Restaurant at Lucci's.

TOWN MEETING  
From Fr. Page

\$4,925,817.02 is to be raised by taxes.

It was, Wilmington's Chief of Police Paul J. Lynch said, the queerest Town Meeting he had ever seen. He described the budget as 'all fouled up', and he led an attack which eventually changed the salary figures proposed by the Town Manager to an \$18,000 increase.

Lynch lost at first, but Lt. John Imbimbo of the Police Department recovered the lost ground, and officials of the Police and Fire Departments were voted pay increases which were not in the proposed budget for 1968.

The voters were confused. Many did not vote. The votes sometimes differed, on one side or the other, by about 40. In one increase in pay the vote was 143 to 103. 41 tax conscious voters could have made a change.

Chairman Bruce McDonald of the Finance Committee made a stab at trying to straighten out the situation, but was working alone part of the time. He told the town meeting that the Finance Committee had spent 192 man hours on the budget, that the Selectmen had recommended it and that the Town Manager had negotiated a pay increase, for every town employee, of \$359 - a total salary increase of \$48,500 for 1968.

MacDonald wanted the voters to follow the salary schedule as advised.

Town Manager Sterling Morris told the voters that Article Six was proposing a Job Description and Evaluation for all employees. The employees he said, had signed a contract with him, in good faith, and his thinking was that, with an across-the-board increase, the job evaluation would help next year. (The job evaluation article was turned down, in its turn).

He had been approached, he said, by department heads and employees, who told him that they were 'in the wrong slots' and in the wrong pay ranges. This had made him determine that a job evaluation was needed. He did not recommend that any one employee be picked out for a large increase in pay at this time.

George Boylen of the Board of Selectmen, backed up the Town Manager, and told the meeting that the TM had 'put lots of thought and care into this budget' and, while he knew Lynch was dissatisfied, until the Salary Survey was accomplished, he, Boylen, did not recommend that any single employee be singled out for a pay raise without the recommendation of the Town Manager.

It was Lt. John Imbimbo of the Police Department who squashed the Town Manager's proposals.

Imbimbo told the Town Meeting that he would like to get overtime on an hourly basis, and further that he was asking for a \$1200 differential over the pay of the Sergeants. He had served the town for twenty years and he had been notified, in writing, of the collective bargaining on Dec. 13th., but he was excluded from the Town Employee's Association, for bargaining.

Imbimbo told the Town Meeting that in 1967 he received \$8955,

and he had \$1040 for 'longevity pay'. He was asking for a differential of \$1200. The Finance Committee had recommended \$9455.

He was asking for \$10,179, which he said, was a \$722 increase instead of the \$359 being offered the town employees.

Imbimbo's plea broke the ice. The Town Meeting voted as he requested, and then went back and reconsidered the Chief's salary, voting 120 to 41 with the chief.

Lynch then got up and increased the budget for patrolmen by \$7000. This was to put on two men, he said, at \$105 a week. The town voted with him 212 to 60.

Chief Lynch then asked for a \$100 increase for each police woman, of which there are 13. The town voted that too, 145 to 40.

It was at this time that a man in a checkered shirt stood up and almost screamed 'Keep on spending the money! You'll end up losing your houses, and have to move out of town!'

The moderator invited the gentleman to the microphone, but he declined.

Boylan got up and told the meeting that if they were going to increase the Chief of Police's pay they should do the same thing for the Chief of the Fire Department, who was in the hospital, and he recommended a similar raise for the Chief and his Lieutenants.

Lynch opposed the idea. He got up and went through the positions of the Police Department, and the Fire Department, pointing out that there were fewer grades in the Fire Department, and that the Lieutenants there were to be compared to the Sergeants in the Police Department.

But this time the town voted with Selectman Boylen.

The fight over Police and Fire Department salaries started about 10 minutes after the Town Meeting opened, and these, plus a couple of other items took up over three and a half hours. The budget did not get completed until after 5 pm.

In another part of the discussion over the budget Chairman James Miceli of the Board of Selectmen got the town to vote against having an assistant engineer for the Town Engineer. He said the assistant was not needed, and compared Wilmington to Tewksbury, Billerica and Burlington. He moved for a cut in the engineering wages which would eliminate the additional man.

Chairman Danny Gillis of the Planning Board said that the Town Engineer had a heavy work load, and that his hours were long. He did work too, for the Planning Board, Gillis said.

Mike Patenaude stood up to say that if the Planning Board needed an engineer let them hire one, and the meeting then voted with Miceli. Mrs. McKie of the Planning Board got up and asked for a reconsideration, but she was voted down.

## Lowell Street

Lowell Street was another instance in the 'queerest town meeting'.

The voters turned down a budget item of \$17,000 for a new traffic light at the corner of Woburn and Lowell Streets. They had a grand time doing it.

'What was the matter with the

TOWN MEETING  
From Page 5

lights that were there?"

TM Morris said that the new plan for the intersection of these streets called for "turning aisles", and the present lights would not be adequate. He assured the town that whatever parts of the present system were usable would be used.

The meeting was unimpressed. It turned down the new signals 143 to 59.

Then the meeting got into an argument as to why there was no money in the sidewalk account. It turned out that there was. The TM said there was \$20,000.

The Finance Committee contradicted this, and said that there was \$8000. Town Accountant Bob Peters then got up and said there was \$20,000.

Then the voters wanted to know why the money had not been used. There was supposed to be a sidewalk program every year.

The TM said that the Selectmen had voted that the Highway Department do work on Burlington Ave. The sidewalk money was for Grove Avenue and Burlington Avenue and the Highway Department never got around to that part.

There was discussion about work on Woburn and Lowell Streets. How come the change, the voters wanted to know.

George Boylen explained that the town was trying to save some Chapter 90 money. It had to be spent or the town wouldn't get it.

## Recreation

The voters looked kindly at proposed changes in the Recreation Budget, asking for lights in the Town Park. They voted \$2000 in additional salaries for the care and operation of playing field lights, and an extra \$11,000 for the lights. George Dyas, chairman of the Recreation Committee, did most of the talking, assisted by Rico Catalano and Larry Cushing.

When it came time to discuss the budget for the Conservation Commission, an additional sum of money, \$1400, was voted for Trees, to Clean up the Town Park, and for a Land Acquisition Study. Bill Hooper made the recommendations, and Joe Courtney spoke in favor.

## School Budget

The salary of the Superintendent of Schools suddenly became a matter of importance, during the discussion of the School Budget.

A voter asked why the School Budget was so high, and in the discussion the Superintendent's salary was brought up.

The Finance Committee asked the question "What is the negotiated salary of the Superintendent?" Chairman Al Lanni of the School Committee said that the Finance Committee had the figures.

He spoke in terms of total negotiated increases, and Charles Burt of the Finance Committee tried to pin him down, in details. Finally it was brought out that the Superintendent of Schools salary

this year was \$17,000 and that it would go to \$19,500.

## WILMINGTON WOMEN'S CLUB

The Wilmington Women's Club will hold their annual Guest Night in the Barrows Auditorium of the Wilmington High School on the evening of March 21 at 8:15 pm.

The Program "God's Green Carpet" will be presented by Mr and Mrs Arnold C Black, who showed the beautiful colored film last year on guest night. Due to a neak snowstorm that kept the biggest part of the audience at home, the Blacks have been asked to return with an entirely different program. This time, it is of three weeks' travel on the Emerald Isle, of pictures taken by Mr Black and narrated by Mrs Black (through a leprechaun).

Members of the Wilmington Golden Age Club are expected to be guests of the Club to enjoy this exceptionally fine evening of entertainment.

WILMINGTON HOUSING  
AUTHORITY ELECTS

On Tuesday evening, March 12, the Wilmington Housing Authority held their annual meeting at their office on Deming Way, and elected officers for the year 1968-1969.

Elected to office were James Donahue, Chairman, Flora Kasabuski, Secretary, Ernest Crispo, Treasurer, and Wilson Belbin, Vice Chairman and Acting Assistant Treasurer.

## Planning Board

The Planning Board tried to elect a new chairman, Tuesday night, but found it did not have enough time to complete discussions. Because of the heavy snow, falling outside, the members wanted to get home, and discussion was cut short.

Mrs. Madelyn McKie was unanimously elected the chairman, but she declined to serve. She believed it would be better to have a male chairman.

At the end of the discussion she told her fellow members that she was willing to serve as a Co-Chairman, with some other person.

A Daniel Gillis, former chairman, refused a third term, saying that the office should be rotated, and that he hoped to get off the Planning Board within the year, anyway.

The main discussion of Tuesday evening was the modification and extension of the Kenwood Avenue area. Four residents were present to listen to the developer's proposals, and Selectmen Miceli and Boylen were present for a short period of time.

Gillis ruled that there would be no decisions, because the board was still awaiting a reply from the Department of Natural Resources, on the Hatch Act recently held by the Selectmen.

As in the Hatch Act hearing, the developer told the board that he was planning to drop the water level three feet, and an 18 inch culvert at West Street would be replaced by a three foot culvert.

He wanted to put in an open ditch near Lot 29, instead of having a pipe under the street for another hundred feet. He told the Planning Board that he was trying to eliminate, as much as possible, pipe under the street.

The colored plan which was used in 1961 at the time the original development was proposed, was again in evidence. It had been found by the developer. During the course of the evening it was compared with the recent aerial photograph of the area, taken in December, and the ponds and streams of the two were found to confirm to a remarkable degree.

Both the Selectmen and the Planning Board wanted a copy of the colored map which had been so long missing. One is to be made.

The Planning Board was told that if the grades were dropped three feet, as proposed, the result would be not only better drainage for the Kenwood Avenue area, but also for adjacent properties near West St. where water is now 'pocketed'.

A thirty day extension of the time for a decision was requested by the developer, and granted. He agreed to have the colored map reproduced by his engineer.

One of the residents, Mr. McNamara, wanted to re-open discussion on the original site, for a modification made last year, because the original colored map was now available, but Gillis ruled that this could not be done. There was also a discussion about another map, also colored, which Mr. Quinn said he could recall.

### Town Engineer

Town Engineer Arthur Harding told the board that, because of the Town Meeting vote, he would have only one student engineer, starting next Monday.

Gillis said that a letter which was read by a Selectman, in the Town Meeting of last Saturday, in which it was held that the Town Engineer could be paid by '701 Funds' was a 'Gross Misrepresentation'.

Gillis felt strongly about the matter, and felt that the town would be the loser in a lot of ways because of the vote.

He pointed out that the Selectmen were using the Town Engineer's services more and more, and then the salary account was cut.

Stickney: What else can you expect from the Board of Selectmen?

By Louis

Hardly seems possible that another year has flown by. And we began wondering whether or not this column was of interest to the average reader.

P.S. We made some inquiries directed to our regular customers, and the response was most gratifying.

So it gives us great pleasure to state that we'll be doing it again for another year.

Since the beginning of time, the mysterious healing effects of drugs and herbs on the illnesses of mankind have never ceased to amaze us. So stay with us as we run the gambit by delving back into ancient pharmacy and probe a bit into space age medicine.

We hope that the tidbits of information passed on to you through Silver Lake Pharmacy will be both informative and helpful. Remember - we have cosmetics... assorted greeting cards... Whitman and Candy Cupboard chocolates, Open 9-10 every day.

**THIS WEEK'S HOUSEHOLD HINT:** To remove grass stains from white clothing, wash the stains with pure alcohol and they will soon disappear.

We carry a complete line of Vitamins

WHERE YOU GET THE RED  
CARPET TREATMENT

Heating bills?  
Boy, do the Dawsons  
shell out!

Heating bills?  
You know what the  
Cummings pay?

Well, by  
comparison,  
peanuts.

How come?  
Gas makes the  
big difference.

The Cummings are heating their home with gas. For economy, cleanliness and dependability—nothing can beat gas heat.

# LOWELL GAS

NOSEY NANCY  
(Fr. Pg. 3)

Blooped again. The Walker School Mother's Club is having that dance on March 15 at the Knights of Columbus Hall on ROUTE 38 in Tewksbury. Find that it is the hall that was formerly the Riverview and on the right almost to South St as you go toward Tewksbury Center. I stand corrected, gals, and I hope it is successful! (The tariff is \$2.50. Nothing like making mistakes to get the answers, huh?)

Have you found the class members of WHS 1953? Don't forget to call Madeline (Emery) Syvertson at 658-8675 or Anne Woods at 658-2043, so no one has to miss this 'do'. Thanks!

A call from Joan Kritter of St Thomas was to say that the new Library of St Thomas in the basement is open now to the public--any race, or creed-- and that they have many excellent texts such as Childcraft and World Encyclopedia. It is open on Monday and Tuesday Evenings at 8:00 and Saturday at 10 am, and following every mass. You are all welcome. Childcraft will be particularly helpful to all the Scout Leaders with many ideas!

There's a great deal of speculation around about what our favorite TM will do when it is time for Jimmy White to retire in June on his 70th birthday... Some say that he'll just let him retire and what or who will have the new appointment...then others are saying there won't be one! How about that. (Personally, we sincerely believe that Sterling Morris is the best thing that has happened to the Town Hall since the Town Manager Act, and that whatever he does he will sincerely believe is best for the Town...Go to it there, Chief!)

Had a letter from Maureen Kaszynski of 3 Jones Ave this week. 'Dear Nosey Nancy. Hello!

'I just wanted to let you know that my brother Robert J Kaszynski, son of Mr and Mrs Kaszynski of 3 Jones Ave, Wilmington has become a First Lieutenant now. He signed up for three years and has been in Germany

a year this month. As he hopes to be home in December of 1968.

'His wife, Yvette, is also with him in Germany. His in-laws will be visiting them. They are Mr and Mrs Normand of New Hampshire and they will be in Germany this month.

'I just came back from visiting my brother. I lived in Germany for three months and in England for three weeks. I had an enjoyable time.

'Please print this. MAUREEN Thank you.'

(Great, Maureen. Congratulations to your brother Robert. I'm certain his commission is well earned. Weren't you lucky to have the opportunity to live in Germany and England. It's this gals opinion that if more kids in the world were exchanged with other countries, so that they realized that all people are just people, whether different in skin or beliefs, or politics, that it would be the best insurance in the universe for a universal peace--I say 'universe' because it will only be a few years when it will no longer be 'world' peace we are concerned with, and if we can't get this small earth straightened out, don't know how we think we are going to be able to handle space! Thanks again for your letter!)

Some youngster left a bike at the Depot, took the train to Boston and the bike was there for three days. The cops have it at the station, if the boy is looking for it.

Guess What! Isn't this something? Big Lloyd Bender's uncle is in Boston. They haven't seen each other for thirty years, so it has been quite a family reunion. Come to find out Uncle is only five years older than Lloyd 'I'm 31 and he's 36'. Uncle is the Southwest Director for the YMCA so he's here on a conference. They've had a great time comparing notes. (Don't know what school taught LB that arithmetic, but I sure hope it wasn't Wilmington! We suspect that we're quoting the wrong end of thirty for those two! Anyway, have a ball, Fellas!)

## Kiwanis Club News

March 18th, meeting at the Field stones in Andover, on Rt 28. Guest speaker will be John Murphy, Coin Collector. March 25th, Guest Speaker is Donald Bassett, Supt of Water and Services for Andover June 23rd is the date of the Horseshow. Keep that date open and get tickets from club members.

The Speech Clinic sponsored by the Club completed three afternoon and evening sessions. Speech Therapists Mrs Susan Wallace of Lynnfield and Miss Patricia Burns of Wilmington were completely devoted to their work as they did not take time out for a single meal during the evenings. They found themselves so completely involved that each of the evening sessions were extended several hours more than planned. Other necessary details were handled most efficiently by Kiwanian wives and friends under the able direction of Mrs Harold Garrett.

Without taking away any credit from Mrs Wallace for her capable direction, we must recognize the excellent efforts of Kiwanian Harold Garrett in the notices and needs of the clinic. Statistics Children seen over 150; Hours of operation totalled 15; age group 5 year olds only.

It was found that the clinic has been most worthwhile because of the large number of youngsters with speech defects that need attention. Parents have expressed their appreciation for the opportunity to participate in this program. These three days have been a tremendous service to the preschoolers of Wilmington.

### COMMONWEALTH OF MASSACHUSETTS LAND COURT

35189 Reg.

To PAUL H. ELMSTROM, RITA C. ELMSTROM, MICHAEL J. BIELECKI, ROSEMARY BIELECKI, MARGARET McCABE, CORNELIUS McCABE, SILVERIUS J. BLONIGEN, MARGARET E. BLONIGEN, WILLIAM J. DEVLIN, HELEN F. DEVLIN, ERYLLE H. STEWART and ANN P. STEWART all of Wilmington, in the County of Middlesex; BARTHOLOMEO D. CAPOREALE, ERNEST CAPOREALE, and JOHN J. CAPOREALE, all of Somerville, in the County of Middlesex and said Commonwealth; JEREMIAH REGAN, of Boston, in the County of Suffolk and said Commonwealth; ROSE E. SHANNON, deceased and COSMO PEDUTO, or their heirs, devisees or legal representatives; and to all whom it may concern:

Whereas, a petition has been presented to said Court by SILVERIUS J. BLONIGEN and MARGARET E. BLONIGEN, both of said Wilmington, to register and confirm their title in the following described land;

A certain parcel of land with the buildings thereon, situate in said Wilmington, bounded and described as follows:

Southeasterly by Crescent Street 120 feet; Southwesterly by land now or formerly of Paul H. Elmstrom and Rita C. Elmstrom, and by land now or formerly of Michael J. Bielecki and Rosemary Bielecki 200 feet; Northwesterly by Rhodes Street 120 feet; and Northeasterly by land now or formerly of Ernest Caporale, John J. Caporale, and Bartholomeo D. Caporale, and by land now or formerly of Margaret McCabe and Cornelius McCabe 200 feet.

The above described land is shown on a plan filed with said petition and all boundary lines are claimed to be located on the ground as shown on said plan.

If you desire to make any objection or defense to said petition you or your attorney must file a written appearance and an answer under oath, setting forth clearly

and specifically your objections or defense to each part of said petition, in the office of the Recorder of said Court in Boston (at the Court House), or in the office of the Assistant Recorder of said Court at the Registry of Deeds at Lowell in the County of Middlesex where a copy of the plan filed with said petition is deposited, on or before the eighth day of April next.

Unless an appearance is so filed by or for you, your default will be recorded, the said petition will be taken as confessed and you will be forever barred from contesting said petition or any decree entered thereon.

Witness, ELWOOD H. HETTRICK Esquire, Judge of said Court, this fourth day of March in the year nineteen hundred and sixty-eight.

Attest with Seal of said Court. (Seal) MARGARET M. DALY, M14,21,28 Recorder Joseph R. Corish, Esq. 421 Highland Avenue, Somerville, Mass.

### COMMONWEALTH OF MASSACHUSETTS LAND COURT

(SEAL) Case No. 53888 Misc.

In Equity

To ADELE STROMQUIST of Boston, in the County of Suffolk and said Commonwealth; and to all persons entitled to the benefit of the Soldiers' and Sailors' Civil Relief Act of 1940 as amended:

LARS T. CHRISTIANSEN of Wakefield, in the County of Middlesex and said Commonwealth, Administrator of the Estate of CARL N. CHRISTIANSEN, claiming to be the holder of a mortgage covering real property in Wilmington, Andover Street, parcel two, shown as Parcel B, on a plan entitled 'Plan of Land, Francis T. Hathaway, Horace Hale Smith, C.E. March 1911' recorded in Middlesex North District Deeds, Plan Book 28, Plan 64, given by Adele Stromquist to Carl N. Christiansen dated February 28, 1963 and recorded with Middlesex North District Registry of Deeds, Book 1592, Page 498, has filed with said court a bill in equity for authority to foreclose said mortgage in the manner following: by entry and possession and exercise of power of sale.

If you are entitled to the benefits of the Soldiers' and Sailors' Civil Relief Act of 1940 as amended and you object to said foreclosure you or your attorney should file a written appearance and answer in said court at Boston on or before the fifteenth day of April 1968, or you may be forever barred from claiming that such foreclosure is invalid under said act.

Witness, ELWOOD H. HETTRICK, Esquire, Judge of said Court this eighth day of March 1968.

## Letter

15 Swain Road

Dear Larz:

As you know, in this town over the years, a great amount of effort has been spent by a number of citizens to get sidewalks, mainly near our schools, because of the hazards of traffic. The road conditions under which our children walk to school, to begin with, are nothing to boast about.

Then - Lo and Behold. The town has acquired a sidewalk plow, after

much pro and con, to do our sidewalks, after snow storms.

Some of our sidewalks are harder to plow than others, due to poor planning by our Town Officials and their Department heads.

We have such a sidewalk in our area and it looks, from the rough construction along Route 62, - Burlington Avenue, that we will have some more coming along.

The one at present is the one on Boutwell Street.

For at least two or three of the recent storms it has not been plowed. Yet the plow has come up Route 62 as far as the junction with Boutwell Street.

I do not think this is the right attitude shown to the citizens and parents in our area.

On Sunday March 3rd I placed calls to three town officials, with some of my gripes, one of them being the unplowed sidewalk on Boutwell Street.

Now it is a week and a day later and still nothing has been done. The children are still walking to school in the street, next to a covered over sidewalk. We have had a few warm days, but winter is not over yet.

I do hope for the sake of the school children, and the adults who may have to use the sidewalks of our town that our Town Officials do not take the attitude of 'God put it there - Let God take it Away!'

Thank you for letting me air my gripes to you.

Yours

Walter Lawler
